

Q BATHROOM X PRODUCTS

A Division of Qualitex Supplies

The Complete Bathroom Brand

June 2023 Edition

Proud to have been supporting professional Merchants and Bathroom Showrooms for over 30 Years

Qualitex Supplies was incorporated in October 1990 in Aylesford, Kent by husband and wife Duncan and Carolyn Andrews, as a wholesaler and distributor of bathroom products. 33 years on, the company remains privately owned with a strong family feel, continued by the second generation and many long-serving and experienced members of staff. The founders three children; Graeme, Scott and Olivia are now directing the exciting future of the exclusive QX Bathroom Products range as Directors and Shareholders.

The QX Bathroom Brand has significantly increased in popularity during recent years with the introduction of a complete bathroom concept of quality and design-led new product ranges, with our Genesis and Ascent brands offering unbelievable value for money in a 'Good, Better, Best' product offering to cover all tastes and specific price budgets.

The June 2023 brochure release is the final one of the year and showcases a number of new products, new finishes and new designs. The front cover provides an insight into how black finishes remain a key trend within the bathroom, and demonstrates how the traditional whites of the shower tray and WC can be offset by the black of the furniture, taps and towel rail to give a classic yet modern feel. The back cover introduces the Aveiro furniture, further developing our linear offering. This range sees the introduction of Burnt Red and a NEW Oak finish to our Genesis furniture portfolio, and offers 2 sizes, worktop options and multiple basin options.

We have significantly improved our worktop offering within this brochure. The Aveiro and Monica furniture ranges benefit from a Carrara Marble and a Concrete Solid Surface option, which are then complimented by an additional 9 vanity basins. These basins offer a minimalist, thin edge look in both round and square designs. A new marble effect bowl, and a ribbed option in both white and matt black, bring a fresh look to the vanity offering.

The worktop improvements are primarily focused around our Q-Line and Ritz fitted furniture ranges. We have 3 new finishes (Italian Grey Slate, Matt White Sparkle, Statuario Marble) in a post formed worktop, in a range of sizes from 1000mm up to 2000mm. These are complemented by 2 finishes (Carrara Marble and Concrete) in a Solid Surface finish. These improvements not only allow for a wider selection of colours and styles, but also textures and thicknesses.

The Q-Line fitted furniture range is further complemented by the introduction of Décor Panels for the base, tall and wall units, allowing for a 'picture frame' effect to be created around each unit or group of units. We have also introduced a number of new handle options for the Q-Line and Ritz furniture. New options include knurled bar and knob handles in chrome, matt black and brushed brass, as well as 2 bucket handle options and a new chrome knob.

Overall, the options within our fitted furniture offering have been improved considerably and allow for a far wider array of styles to be created, while maintaining the benefits that both ranges have to offer.

Further improvements can also be seen within our tap range, with the introduction of new versions of Vermont and Ohio, new colours in the Tuscany, and completely new shapes with the Zeto and Monza.

Other significant improvements to note can be seen in the new Alpha panelling colours (Apollo Marble, Capri Light Marble), new WC frames and buttons, and new brushed brass towel rails.

The Qualitex reputation for supplying quality, tried and tested products at affordable prices, is one of the reasons behind the success story, which has seen sales in excess of £350 million since the company opened. We have two regional distribution centres providing 100,000 square feet of storage, allowing for delivery across the UK, generally available for next day delivery from a fleet of 25 delivery vehicles. We employ over 85 staff who strive to offer the best possible service throughout every department.

We have extended our Customer Service offering over recent years with our ability to resolve any questions, issues or spare parts requests quickly and efficiently in-house.

We want consumers to be pleased with their purchase and recommend our products and services to their friends and relations. We feel extremely confident that you will find our products and services everything that you would expect from a market leader.

NOTE: QX images must not be used without written approval and specific terms agreed.

Red pricing in this brochure denotes products also available in the Genesis Brochure

In Memory of Carolyn Andrews

The Trusted Brand for Quality, Value for Money & Customer Satisfaction

Sustainability

At QX Bathrooms we take sustainability seriously. We understand that our actions have an impact on the environment and future generations, and we are committed to minimizing our ecological footprint. Our company believes that every small step can make a big difference in preserving our planet, and that is why we have made sustainability a core value in everything we do. From the materials we use to the products we offer, we strive to create a more sustainable and eco-friendly world. The products within this brochure have all undergone due consideration to the design, materials used and the packaging they arrive in. We have worked hard to remove plastic from our packaging, and would encourage everyone to recycle the packaging our products arrive in wherever possible. We have added our 'Recycle Responsibly' logo to our cardboard packaging to help remind everyone throughout the chain of the importance of recycling. Together we can make a difference for generations to come.

Suites & Sanitaryware

Experience the ultimate in bathroom design with the QX Bathroom Suite range. With an extensive selection of stunning designs and options, we guarantee to satisfy your specific taste and size of bathroom, all while providing exceptional quality, and value for your money.

As rimless technology gains popularity, we offer a wide variety of WC options with rimless designs. Not only do these designs offer superior flushing capabilities, but they are also easier to maintain, keeping your bathroom cleaner and more hygienic.

All our ranges include soft close and easy release seat options for your comfort, ensuring that every element of your bathroom is tailored to your needs.

We understand that space is crucial, especially in smaller bathrooms, which is why we offer a number of short projection options. Our selection of back-to-wall and wall-hung pans caters to minimalistic designs, maximizing space without compromising on style.

Recent trends have seen an increase in popularity of comfort height and tall pans. Our latest additions of Evora, Aveiro and Estoril ranges combine style and versatility, offering complete close coupled, back-to-wall and wall-hung options, all featuring Rimless technology and soft close seats as standard.

This brochure sees the launch of the **NEW** Naxos sanitaryware range, which exudes class and sophistication. Offering, floorstanding, wall-hung and back-to-wall options, and complemented with the matching bidet, this range offers luxury in abundance.

Discover the perfect balance of design, functionality, and sustainability with the QX Bathroom Suite range.

Bathing

At QX, our philosophy centres around strong design, exceptional quality, and a focus on choice. Through partnerships with our designers and manufacturers, we have created a range of baths that caters to all preferences and requirements, whether it's a contemporary inset or a classic freestanding bath that serves as the centrepiece of your bathroom.

Our selection of 5mm acrylic baths from Genesis and Ascent come in a variety of sizes and styles to accommodate any space. They're constructed with a fully encapsulated and reinforced base, and come with a 10-year manufacturer's warranty. Some of our baths are available in the Ascent Superspec option, which features a triple coating that increases the thickness to 8mm for added weight, rigidity, and durability. We even have shower bath options.

We're excited to introduce the new Iowa Shower Bath to our range, joining the popular Indiana and Oklahoma thin edge baths. Despite its standard 1700 x 700 size, the Iowa incorporates aspects of these thin edge designs to create a shower bath that accommodates both a standard bath panel and a standard bath screen. It also allows for taps to be fitted along the end, making it a versatile offering for any application.

We offer an extensive range of whirlpool systems that cover different systems across most of our bath range, from a simple 5-jet system to multi-purpose systems with whisper jets and chromotherapy. We've even developed systems that are compatible with some of our freestanding baths.

This brochure sees further improvements to the freestanding bath offering. This sleek and modern design of the NEW Naxos Bath combines popular linear elements with strong curves and includes an integrated tap ledge for added convenience.

Our Iconic range of freestanding baths is an indulgent opportunity to elevate any bathroom's aesthetic. Whether it's a Victorian freestanding bath with metal feet or a sleek modern design, these baths serve as beautiful feature pieces.

Please note: All Genesis and Ascent Baths come with adjustable bath leg sets that range from 86mm to 180mm.

ASCENT SUPERSPEC

Acrylic baths offer a range of benefits that make them a popular choice among homeowners. First and foremost, acrylic is a lightweight and durable material, making it easy to handle during installation and resistant to cracks or chips over time. Additionally, acrylic is a non-porous material, which means it is highly resistant to stains and easy to clean, requiring only mild soap and water for regular maintenance. Furthermore, acrylic baths have excellent heat retention properties, allowing the water to stay warm for longer periods, creating a luxurious and relaxing bathing experience.

Our Ascent Superspec baths have an additional layer applied to the outer surface of the standard bath. This process not only increases the overall thickness it further improves the heat retention properties synonymous with acrylic baths.

ACRYLIC

Acrylic is lightweight, durable, non-porous and versatile. This makes for a perfect material for the inner surface of a bath tub, that remains warmer for longer and offers a soft feel to the touch.

BASE BOARD

All our baths come with a fully encapsulated base board. Made from moisture resistant chipboard the baseboard stiffens the bottom of the bath, offers greater insulation and provides a strong core on which to mount the bath onto the legs.

POLYESTER-GLASS COMPOSITE

Our Polyester-glass composite is sprayed onto the back side of the acrylic and encapsulates the base board on all of our baths. This gives the bath exceptional strength whilst maintaining a low weight profile.

ASCENT SUPERSPEC

Offering increased structural durability and significantly improved insulation properties through an additional composite polyester glass layer.

Grande Home Airspa System

All airspa systems are equipped with needle air holes around the base of the bath, giving a soft massage effect. This elegant system is operated via a subtle back-lit touch button control panel, located on the interior of the bath (excluding Seville - see below).

The control panel also operates the chromotherapy lighting, which alternates through 6 different colour options. In addition to the touch panel control, this system also allows for operation through an App, which can be easily downloaded onto any IOS or Android device (excluding Seville).

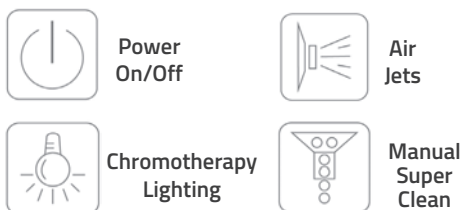

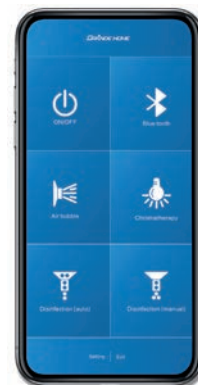

SUPER-CLEAN™

Grande Home airspa baths are equipped with a unique SUPER-CLEAN™ disinfection function.

By simply pressing the Manual Super Clean button, the system will flush the air chamber with clean water for 3 minutes, and will dry off the air chamber by blowing air for 3 minutes after the bath is drained.

Controls Excluding Seville Bath

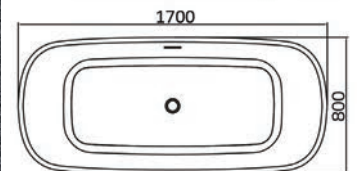

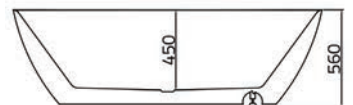

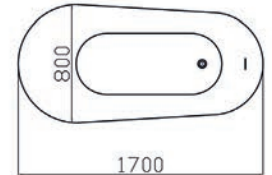

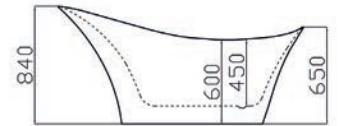

App for Airspa Systems with Touch-Button Controls

Chrome Push-Button System **Seville Bath Only**

The Seville Airspa Bath option is now supplied with Chrome Push-Buttons as standard. *Not compatible for App operation.*

Showering

The QX Showering Experience provides a complete range of products for the modern bathroom or en-suite.

Shower trays are available at 30mm, 40mm and 80mm high, including a range of Anti-Slip and textured stone in 3 colour options. In addition we offer a complete range of Wetroom Tray sizes to form your own tiled wetroom, and now feature a slim drain option.

The Ascent 10 range of shower doors is our most luxurious to date. Featuring 10mm glass and stainless steel mirror finish profiles, the result is truly exceptional. Available in either sliding door, hinge door or Walk-In options, these products will take pride of place in any upmarket bathroom setting.

Our luxury Ascent Premier 8mm Range of shower enclosures now includes a black frame with smoked glass with a quadrant, offset quadrant and sliding door option, complimented by a growing choice of black or chrome shower kits and columns.

The Ascent 8mm Range offers a wide range of enclosure options, including an infold door, sliders, quads and a selection of showerwall sizes, including a 350mm rotating deflector panel.

Our Classic Nouveau Range also has Clearview glass protection, with a luxury modern rounded handle and lifetime guarantee.

NEW - In line with current trends, we have increased the popular Genesis range offering to include black frame/clear glass options for the Pivot doors and Side Panels. With black remaining a prominent feature within bathrooms for 2023 this will offer a modern and functional appeal.

Our ability to offer complete bathroom experiences continues with our popular Brushed Brass finish available in our shower door offering. You can now pair our Genesis Showerwalls in Brushed Brass with our Atlanta Tap and Shower Valve range. We have also introduced a shower screen in the Brushed Brass finish, along with a bath waste to complete the Brushed brass look.

Our highly popular Genesis showering enclosure and bath screen range is generally 1900mm high in 6mm glass, and still includes Clearview protection at a competitive price. This range offers an extensive offering of enclosures and showerwall sizes and designs.

Our very competitive Alpha shower door range allows you to retain the look and feel expected of QX products whilst still offering fantastic value for money.

The QX Shower Valve collection will also spoil you for choice and includes push-button technology and a wide selection of manual or thermostatic shower valves, with shower kit options. Our Nostalgic Traditional exposed or concealed shower valves also include the option of black controls.

Flexible, Self-Adhesive, Waterproof Upstand

When your shower tray is only available in a flat-top option, but you want the added benefit and security of a tiling upstand, JT Flexi-Fit™ is the perfect solution. This flexible, easy-application, tiling upstand tape is self-adhesive, wraps around corners in one piece and creates a watertight seal that accommodates vertical movement of at least 15mm.

Ascent Wetroom Trays

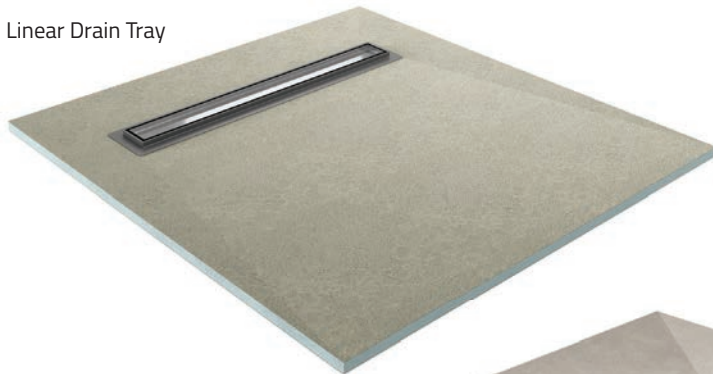

Pre-Formed Wetroom Shower Base

Designed for walk-in shower and wetroom applications, the Ascent Wetroom Trays are pre-formed to create an effective water slope to the drain. They are floor level panels that can easily be trimmed to fit the shower area. Trays are ready to receive a tiled finish of the customers choice.

Ascent pre-formed Wetroom Trays are made using a waterproof extruded polystyrene (XPS) and are covered on both sides in a combination of polymer resin and quartz, compatible with most tile adhesives. All Wetroom Trays are exclusively made to accept our QX range of Linear and Square Drains. They are sufficiently robust to be covered with mosaic tiles without the risk of compression through point loading.

Ascent Wetroom Trays and Boards are suitable for use with Underfloor Heating. All Drains can also be used without a shower base. **NOTE: Ascent Wetroom Trays ARE NOT SUITABLE for Vinyl Flooring.**

Zonda Square Drain

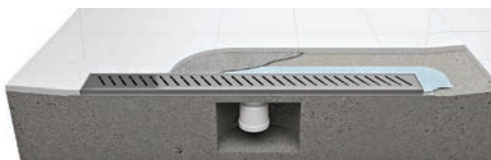

Tray & Drain using
underboarding,
including under trap

Tray & Drain laid
directly on floor
boards

Tray & Drain laid
directly onto a
concrete floor

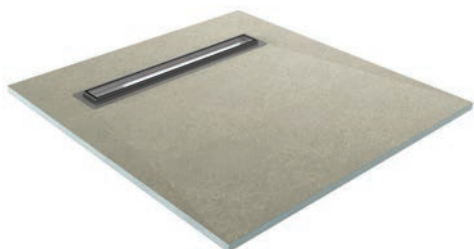

Drain only creating
a channel for the
trap and wastepipe.

Installation

- Ascent Wetroom Trays can be laid directly onto existing wooden or concrete floors but must be supported over it's entire area, including trap (see diagram).
- Wooden floors can be lowered by 'under-boarding'. Removing the existing floor boards, fixing battens and plywood, finishing level with the top of the joists.
- If the tray is to be laid onto the existing floorboards, they must be in good condition and must be screwed down at very close centres.
- When the tray is laid onto a concrete floor, the surface below the tray must be perfectly flat, with a channel for the trap & waste pipe.
- Care must be taken when preparing the slopes to the drain in all applications.
- **Trays can be trimmed on-site to exact requirement, up to a maximum of 50mm***

**If trimming is required, an even amount must be trimmed from opposing sides of the tray.*

Square Shower Base for Square Drain

Rectangular Shower Base for Square Drain

For Trays with corner waste, the waste is positioned 210mm from the edge of the tray to the centre of the waste.

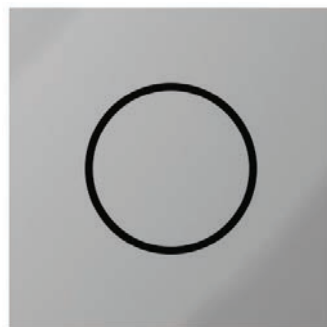

Rotate Tray Base for best Waste position

Square Drains are produced from 304 grade stainless steel and feature a flange on all four sides, enabling a perfect waterproof seal between the tiles and the drain, complimented by a textile sealing membrane.

Square Drains are available from stock in the following sizes: 120 x 120mm & 150 x 150mm

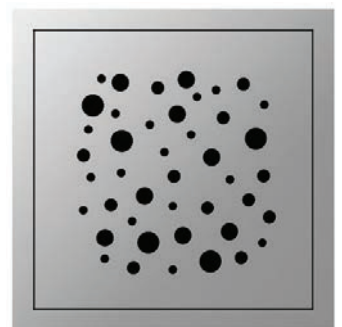

Pure Square Drain
Ready for Tiling

Quest 11mm thick MDF Wall Panels are a fantastic alternative to ceramic tiling - it's quick to install and maintenance free, with no grouting or mould growth and is available in a choice of 17 colours.

All panels are available in 2400mm height and 1200mm width. A selected number of boards are also available in 900mm width. Panels can be cut on site to suit a variety of installations with the cut edges always hidden within the silver aluminium end or corner profiles. Several finishes are also available Tongue & Groove

Straight Edge Boards

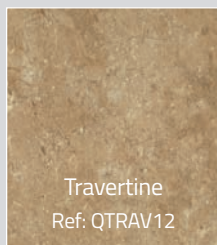

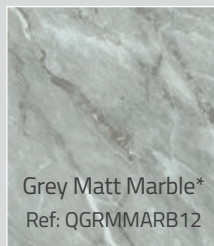

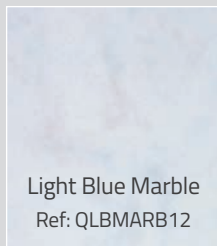

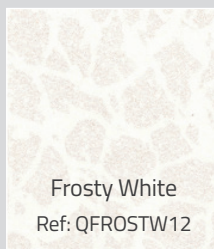

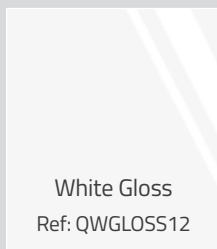

900mm Boards

£241.00 Exc. VAT **£289.20 Inc. VAT**

1200mm Boards

£274.00 Exc. VAT **£328.80 Inc. VAT**

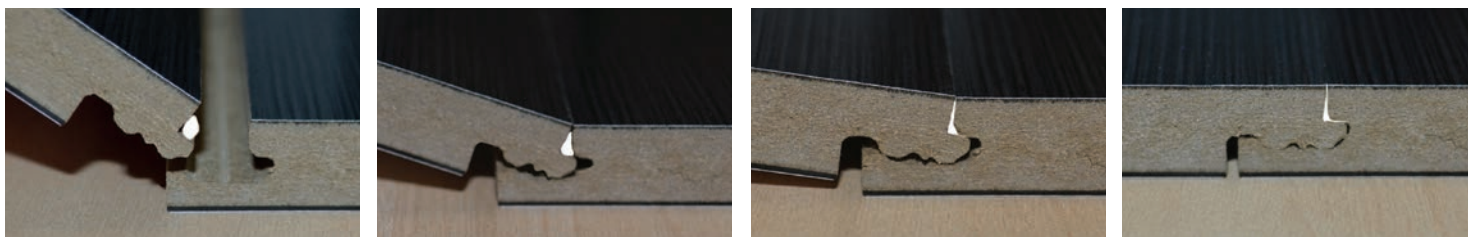

Installation

- Panels can be installed over any existing wall finish, providing it is in a sound and dry condition. Panels are quickly fixed using a high grab adhesive, which will adhere to plasterboard, ceramic tiles and other existing finishes.
- Where the wall is damaged or out of true, it may be necessary to first install battens at 300mm vertical or horizontal centres, which can be used to fix the panels.
- Shower enclosures should be fixed directly to the panels using silicone and the recommended fixings so that the panels extend to the full height of the shower and beyond that actual width of the enclosure.

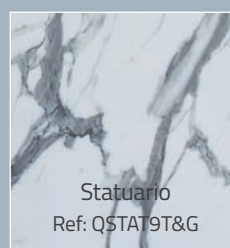

Bathroom/Shower Panels - 11mm Overall Thickness with High -Performance MDF Core

Furniture

Should you desire the pristine gleam of high gloss white, or the warmth of natural wood finishes, our ranges of Bathroom Furniture bring together both form and functionality to assist you in creating the bathroom of your dreams.

Our Genesis Q-Line Modular furniture provides a vast range of possibilities for bathrooms of any shape or size. This versatile range accommodates most ceramic semi-recessed basins and back-to-wall pans, as well as those featured from our QX range, the Q-Line Linear Style and 1-Piece Basin options. Genesis Q-Line offers a solution for every bathroom with choices of function, width, depth, finish and handles and is available in three finish options.

The popular Urban range continues to offer a comprehensive choice of base unit styles, colours and sizes. The Rimini and Stamford units offer a modern twist on traditional designs and are available in a choice of popular colour options, including Platinum Grey.

NEW – A key improvement to our furniture offering is the introduction of ceramic basin options for the Eden, Urban and Q-Line ranges. These Aries basins offer a well priced alternative to the current resin offering.

Further introductions to the ceramic basin offering see 9 new vanity bowl options for installation onto worktops. These basins offer a minimalist modern look and incorporate new finishes and new colours.

The worktop offering has also improved giving new a wider range of options for both stand alone and fitted furniture.

The **NEW** Aveiro furniture continues with the popular linear theme, but also features a new burnt red and new oak finish in a simple yet classy single drawer unit. With 2 sizes options, and multiple worktop and basin configurations, this range offers design led modern themes.

Our choices of colours, basins and size options across our furniture offering is unparalleled.

Available in **NEW** Burnt Red and Oak Finishes

IP44 Rated: Suitable to install in bathroom Zone 2 above the basin, subject to conditions. All Electrical Installations should be carried out by a qualified electrician.

Towel Rails

Our wide selection of heated towel rails are suitable for adding a bit of warmth to a cloakroom or en-suite, or as a stylish addition to any bathroom, with the benefit of a useful hanging space.

Available in a range of finishes - Stainless Steel finish, Chrome, Anthracite, Black Nickel and now Antique Copper - with a variety of sizes and styles, there is something to suit all.

Black Nickel finish is now available in a number of styles and sizes, giving the range a luxurious feel. Mirroring the growing trend towards black within the bathroom the black nickel perfectly complements ever-popular anthracite finish rails, which continues to be available in a number of rail options including the Porto, Kansas horizontal, Royal Bajan, Sofia & Sapphire rails.

With all-electric or dual fuel options offered across the range, and programmable elements available, this is a truly versatile collection.

QX offer classic ladder designs, including the Libra or the Ebony with a projecting towel bar, and contemporary flat rails such as the Aston and Kansas, or for a traditional radiator with a twist, take a look at the Roma rail.

The combination of a mirror with a tall radiator has also been successful and some panel radiators now come with a towel rail with matching anthracite or chrome radiator valves.

The Livorno rail offer a touch of traditional luxury in Antique Copper finish, with matching radiator valves.

NEW – We now welcome brushed brass rails to our offering with the introduction of the Atlanta and Estoril rails.

Already popular shapes that can now be used to complement the ever-growing brushed brass taps and accessories being used in the bathroom. With the MF1 and MF2 in Matt Black finishes already available, our colour offering has never been greater.

Why not convert your choice of rail to All-Electric operation

CONVERSION
OPTIONS

All Electric Options

- Simply select a suitable rail for electric conversion - highlighted with the above logo.
- Add £85.00 +VAT for the conversion to All-Electric use, including a pre-blended heat-transfer fluid, with frost and corrosion protection.
- Add your choice of Electric Element
- Decide if you require a Thermo Control Plate (supplied separately)
- Arrange for a suitably qualified electrician to fit your electric towel rail

CONVERSION
OPTIONS

Dual Fuel Options

To provide dual use of your towel warmer from the central heating system in winter and with your electric element during the summer months.

- Simply select a rail suitable for installation of an electric element - highlighted with the above logo.
- Select your choice of element based on the required Watt output and length of element (detailed below and opposite)
- Decide if you need a Chrome T-Piece, Corner Adaptor or Thermo Control Plate
- Arrange for a suitably qualified electrician to fit your electric towel rail, having selected the appropriate valves for your application

Electric Element Options

Electric Elements, including Chrome T-Piece - Adding an electric element to one of our QX rails gives you the flexibility of heating your rail electrically during the summer months, as well as operating as part of your central heating system in the winter. IP Rating - IP64

Refer to the details of your specific radiator for recommended lengths and watt requirements

£86.00 Exc. VAT **£103.20 Inc. VAT**

Control Plate Cover

Ref: TCPSSC Finish: Chrome
£25.00 Exc. VAT **£30.00 Inc. VAT**

Control Plate Cover - Chrome

Features:

- Simple On-Off Button Control
- Output control buttons to increase or decrease temperature
- 2-Hour Boost Timer, Full Power for 2-Hours
- Controls 150W to 800W Elements
- 85mm Square
- IP55 Rated
- Active LED Displays

A range of Programmable Element Control Options

NOTE: Element must be installed vertically

QX Ascent 2-Hour Drying Element

Activate your electric or dual fuel towel rail to provide a 2-hour drying function to dry your towel after use.

- 5-Step Temperature Control
- Low energy consumption on stand-by
- 2-Hour Drying Function
- Choice of Element Power & Length
- Suitable for Electric or Dual Fuel use
- Includes Element - Excludes T-Piece
- IP Rating - IPX5

QX Ascent Wireless Programmable Element Control - TT-IR

Use in conjunction with the QX Ascent Square Element to wirelessly control your electric or dual fuel towel rail.

£ 193.00 Exc. VAT £231.60 Inc. VAT

- To be used with the QX Ascent Square Element above
- Provides programmable, wireless remote control operation of the element
- Multi-function heating modes including Comfort, Economy, Automatic, Absence & Shutdown
- Automatic Mode sets a variable temperature over a 7-Day/24-Hour period
- LCD Display with clock and temperature
- Can be wall-mounted or freestanding on a shelf or cupboard
- Battery operated
- IP30 Rated
- Supplied in White Finish
- One control will operate multiple elements

Dimensions: 140mm x 80mm x 23mm

QX Ascent Wireless Programmable Element Control - DT-IR1

Use in conjunction with the QX Ascent Square Element to wirelessly control your electric or dual fuel towel rail to provide three heating modes.

£ 125.00 Exc. VAT £150.00 Inc. VAT

- To be used with the QX Ascent Square Element above
- Provides programmable, wireless remote control operation of the element
- Three heating modes - Manual, Automatic & Drying
- Use Manual Mode to set a 'comfort' or 'economy' room temperature
- Use Automatic Mode to set a variable temperature over a 24-hour period
- Use Drying Mode to set a fixed 'drying' time from 15 minutes to 4 hours
- LCD Display showing temperature
- Wall-mounted only
- Battery Operated
- IP30 Rated
- Supplied in Brushed Silver Finish
- One control will operate multiple elements

Dimensions: 80mm x 80mm x 23mm

A Division of Qualitex Supplies

Terms & Conditions

1. Claims for shortages or non-delivery of goods must be made within 24-hours of receipt, otherwise claims cannot be entertained.
2. All products must be carefully checked prior to installation, as installation is considered as acceptance of quality, size, style and specification.
3. In the event of a guarantee claim relating to the performance of the product, the liability of Qualitex is limited to replacing the product supplied and does not extend to consequential loss or damage arising from a defective product or installation.
4. All prices and specification details are subject to change without prior notice. Photographic sets will sometimes include props and only the items listed are included in the price quoted.
5. All orders are accepted subject to availability and all delivery dates are approximate. No liability for failure to supply can be accepted by Qualitex Supplies or our Showrooms.
6. Qualitex guarantees to replace any faulty products free of charge within 12 months of purchase following inspection and with presentation of proof of purchase (subject to terms)
7. All product guarantees are subject to our full terms and conditions of sale and requires installation by a suitably qualified installer in accordance with the fitting instructions.
8. The product guarantee will be invalid if it has been modified, misused, neglected, wilfully or accidentally damaged or not maintained, cleaned or cared for.
9. The guarantee applies to the original purchaser only and is not transferable without agreement in writing.
10. Exclusions & conditions apply to most Lifetime Guarantees.
11. Do not allow bathroom furniture to be subjected to direct contact with liquids including water splashes without drying off the surface.
12. Measurements are generally shown in mm - **Furniture:** width x depth/projection x height
- **Baths:** width x depth/projection x height
- **Enclosures:** width x height
- **Basins:** width x depth
- **Mirrors/Cabinets:** width x depth/projection x height
- **Towel Rails:** height x width
- **Accessories:** width x depth/projection x height
